1. SAFETY INSTRUCTIONS

This symbol, whenever it appears, alerts you to the presence of uninsulated dangerous voltage that may occur if you not carefully follow the described procedure.

This symbol, whenever it appears, alerts you to important operating and maintenance instructions in the accompanying literature.

All the safety and operation instructions should be read before the device is operated and retained for future reference.

INSTALLATION

Always turn your Eurorack case off and unplug the power cord before plugging or unplugging any eurorack bus board connection cable or ribbon cable. Do not touch any electrical terminal when attaching any eurorack ribbon cable or bus board cable.

Sibilla is an electronic music module requiring 125mA of +12VDC and 30mA of -12VDC regulated voltages and properly formatted distribution receptacle to operate.

It must be properly installed into a eurorack format modular synthesiser system case.

Module's negative voltage supply is clearly indicated by a white line reporting the wording "-12V" on the back of the device; please refer to your case manufacturer's specifications for the location of the negative supply of your eurorack case/power board.

WATER AND MOISTURE

The device should not be used near water (e.g. near bathtub, washbowl, kitchen sink, laundry tub, wet basements, etc.).

POWER SOURCE

This device should only be connected to a eurorack case/eurorack power board as a power supply. It has been manufactured to only be power by systems as described in the "Power Supply and System Bus" section of the Doepfer Technical Details A-100.

CONSTRUCTION DETAILS

This device has been manufactured according to the Doepfer A-100 Construction Details.

It's a 10HP eurorack module with the following dimensions: 128.5mm x 50.5mm x 29.6mm.

The unit is composed by a PCB and a front panel both made out of ENIG-RoHS FR4-Standard Tg 130-140C and with a thickness of 1.6mm.

PCB, front panel, electric components and solder used to build this module are RoHS compliant.

2. WARRANTY

Clatters offers a one year period of warranty on each built product purchased from our website.

During this period all defecting or malfunctioning devices will be repaired or even substituted with a new unit.

This service will be applied unless an external damage is proven.

Malfunction resulting from wrong power supply voltages, backwards or reversed eurorack bus board cable connection, abuse of the product, removing knobs, changing face plates, or any other causes determined by Clatters to be the fault of the user are not covered by this warranty, and normal service rates will apply.

Only Clatters is allowed to repair its own products. Any external attempts of repair/modding will void the warranty. In case of out of warranty damages, devices could also be sent for servicing. In this case shipping costs must be covered by the owner.

Requests must be sent by email at the address: clattersmachines@gmail.com with the object "Repair info".

DO NOT FORGET:

- THE PURCHASE INVOICE HAS ALWAYS TO BE DEMONSTRATED AND THEN INCLUDED INSIDE THE SHIPPED BOX.
- ONLY UNITS SHIPPED WITH THEIR OWN PACKAGING WILL BE SERVICED/REPAIRED.
- THE PACKAGING PROVIDED IS NOT MEANT TO BE A SHIPPING BOX ITSELF.
- WHEN SHIPPING BACK, PUT EVERYTHING INSIDE A LARGER SHIPPING ENCLOSURE. REMEMBER TO FILL THE GAPS INSIDE WITH SOME SHOCK ABSORBING FOAM/PAPER.
- WE ARE NOT RESPONSIBLE FOR IMPROPER BOXING AND SHIPPING DAMAGES.

PLEASE CHECK [HTTPS://CLATTERSMACHINES.COM/RETURN-POLICY/](https://clattersmachines.com/return-policy/) FOR OUR RETURN POLICY

3. CERTIFICATION

This device has been built respecting UE regulations, according to the following conformity declarations:

2014/30/UE, EMC directive;

2011/65/UE, RoHS directive;

4. SHIPPING

This device was carefully packed in the factory to guarantee safe transport. Nevertheless, we recommend that you carefully examine the packaging and the unit itself for any signs of physical damage which may have occurred during transport. DO NOT power the device on if any physical damage is visible after unboxing the product, please notify your dealer and the shipping company before contacting us.

5. GETTING STARTED

For a better understanding on how to use your new module, please see the Sibilla manual included in the product box!
